COMPLETE RANGE

# INDUSTRY

## Handling your world

Founded over 60 years ago by the Braud family, Manitou Group now operates worldwide. A world-leader in all-terrain material handling, the Group manufactures, produces, distributes and services and equipment for construction, agriculture and industries.

The Group's product ranges include: telescopic loaders including rotary and heavy lift models, semi industrial and industrial all-terrain masted forklifts, compact loaders (skid-steers) on wheels or tracks, aerial work-platforms for personnel, truck-mounted forklifts, warehousing equipment and attachments.

Thanks to its high-profile brands, Manitou, Gehl and Mustang, and its network of 1,400 dealers throughout the world, the group provides the best solutions, creating most value for its customers.

With its head office in France, the group had a revenue of 1.246 billion euros in 2014 in 140 countries and employs 3,300 staff who are resolutely focused on customer satisfaction.

## Warehousing RANGE

### 8 references

From manual pallet truck to articulated forklift, find your best ally.
